Denise:
I've reviewed this and think that it is in line with previous monitoring proposals. As soon as the change order for PA 9 is in place (to increase the NTE), please print two copies of this proposal and have Hans sign each. When you're ready to send Clinimetrics their original, let me know so that I can send an e-mail to Bernie/Aimee in order that monitoring dates can be confirmed.

Let me know if questions.

Thanks,
Valerie
